DETAILED ACTION

Claim Objections Withdrawn

The objection to claim 2, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment removes the dependency.

102 Rejections Withdrawn

The rejection of claims 1, 2 and 13-16, in so far as they read on the species defined in the previous Office Action, under 35 USC 102(b), has been overcome by applicant's amendment. The amendment narrows the independent claim such that it no longer reads on the cited prior art.

Allowable Subject Matter

The elected species remains free of the prior art. Applicant having overcome the outstanding rejection, vide supra, the search was therefore expanded as called for under current Office Markush practice, a compound-by-compound search, to include a single additional species. That species is defined by formula (19) of claim 1. A rejection follows.

Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Art Unit: 1621

Claims 1, 2 and 13-16, is so far as they read on the species defined above, are rejected under 35 U.S.C. 102(b) as being clearly anticipated *by Journal of Organic Chemistry* (1963), 28, p. 1462-1464 (CAPLUS abstract). The reference teaches applicant's compound: RN=718-30-9.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
